LiteLock™
system

(patent pending)

The colourful route to effortless, safe drive

The new *Invacare Colibri* is a stylish, simple and colourful micro lightweight scooter, designed for those who enjoy a totally independent lifestyle.

Thanks to the unique *Invacare LiteLock™* system the scooter can easily be taken apart without the need for tools and fits neatly into any car boot. Plus, with its small footprint the *Invacare Colibri* offers greater manoeuvrability in tight, or limited spaces. That's why the *Invacare Colibri* goes anywhere your fancy takes you!

Additionally, you can choose from a range of trendy colour panels to match your style, swapping them according to your needs.

Be ready to roll comfortably and securely seated in your new stylish companion!

Yes, you can.®

Features and Options

LiteLock system - easy to take apart and reassemble

The ingenious and unique *Invacare LiteLock™* system automatically releases once the battery box has been removed. It takes less than a minute to take the scooter apart – without tools. Its front section can be simply lifted and placed in the boot of a car, along with the other sections. Later, it's just as easy to reassemble and the scooter is secure.

Effortless dismantling

Don't think - do it! Less than a minute is all that's needed to disassemble the **Colibri** for transportation.

Option of a bigger wheel set and battery

Perfect for travelling longer distances, on bumpier terrain, such as cobbled streets. Choose where to charge your battery: directly on the **Colibri** or detached from it.

Increased comfort

The soft, padded seat provides comfort during driving. For increased comfort there is also the optional 'easy fit' seat suspension kit.
