stingray[™]

Tilt in space and back recline

Perfect seating position due to adjustable seat tilt and back angle adjustment. The seat unit tilts 45° and the back reclines down, allowing your child to rest during the walk.

180° turnable seat

Revolutionary function with a 180° turnable seat unit - even with the child seated! Let your child explore the surroundings during the trip or simply turn the unit to obtain eye contact with your child.

Foldable

The Stingray is folded in a instant and fits into almost any car. Fold the seat and frame units separately or altogether and pack it into your car - soon you will be on your way ...

Safe transportation in vehicles

The Stingray has been tested and approved, according to ISO 7176/19-2001, for safe transportation in motor vehicles. The Stingray is approved for transportation of 40 kg user weight in vehicles.

The Stingray is a well thought out push chair with stylish colours and a futuristic design making it the obvious choice for any child. The carbon frame with its trendsetting design encourages any family to go out together. The Stingray is in a league of its own.

Adjustments, comfort and lightness of steering are keywords for this push chair. The Stingray enables the fantastic new function with its 180° turnable seat - even with a child seated. In this seat the child is always comfortably seated, whilst the various angle adjustments makes it easy to find exactly the position your child needs. The Stingray has supreme driving properties, fantastic suspension and with the safe and stable brakes, security always has pride of place.

The Stingray is available in 2 sizes.
